

LAWRENCE BICYCLE BOULEVARDS

Project Open House

The City of Lawrence will be developing plans for two bicycle boulevards in Lawrence: one on E 13th St. from Massachusetts to Haskell, and one on W 21st St. from Massachusetts to Iowa.

On **February 11 or 13**, come share your ideas at open houses covering the same content, where project staff will be sharing information related to **both corridors** planned for bicycle boulevards.

Bicycle Boulevards are streets with low motorized traffic volumes and speeds, designated and designed to offer low-stress bicycle travel for all ages, safe crossings for pedestrians, placemaking opportunities, as well as allow for motor vehicle travel at low speeds.
