

It's National Voter Registration Day!

As Jayhawks, we value engagement as active members of our community. One way to engage in community is through voting in local, state, and federal elections. Complete, Update or Confirm your voter registration using **[ALL IN To Vote!](#)**
#KUVotes!

Why Student Voters Matter: Historically young adults have voted at lower rates than older cohorts. They are also the newest members of our democracy, move more frequently, are less likely to have a driver's license, and may be less likely to be contacted directly by political campaigns, all of which are barriers to registering to vote. Students have a decision about where to register to vote, where they live at families home, or where they live to attend school. You may only be registered and vote at one location.
